

## **REQUIREMENTS FOR ABSTRACTS AND FULL TEXT SUBMISSION**

Abstracts should be written in English and Spanish. A template for summary is available in the website. The full text for publishing may be presented in any of the two official languages of the Congress, Spanish or English.

It's mandatory that at least one of the authors has registered and paid the registration fees.

Use any version of Microsoft Word, letter page format with 2.5 cm margins and Times New Roman font with single line spacing. The document should be saved in MS Word (DOC) format or, preferably, in Rich Text Format (RTF). The total space should not exceed one page.

The title of the work will be set with a font size of 16 points and preferably consists of no more than 20 words. The modality of presentation (Lecture, Oral presentation or Poster) intended should be suggested. Although, the abstracts will be reviewed by the Scientific Committee, who is responsible for the acceptance or not of the works as oral presentations or posters.

The name and surname of the authors as well as their affiliation must be shown. The font size will be 12 points for the names of the authors and 10 points for the affiliation. Although there is no limit on the number of authors, we would appreciate it being included in the summary until the first six only to facilitate editing. The name of the author who will present the work should be underlined and the e-mail must be indicated. Three to seven keywords will be provided.

The word limit of the body of the abstract is 250 without including the title or the names and affiliations of the authors. The font size in this case will be 12 points. The summary should briefly reflect the structure of the complete work (Introduction, Materials and Methods, Results and Conclusions). Images, tables, formulas, complex symbols or acronyms should not be included in the abstract body. The deadline for submission of abstracts will be March 1, 2025.

The full-text papers will be subjected to peer review for publication in special issues of Revista CENIC Ciencias Biológicas (ISSN: 2221-2450) and Revista CENIC Ciencias Químicas (ISSN: 2221-2442). The full text will not exceed 10 pages.
